

Extreme Weather

English – Story writing

Write a story about visiting a different planet

What does your planet look like?

Do you come across any aliens?

How did you feel?

Science – Living things and their habitats.

In Science we will be looking at living things and their habitats. We will be exploring the habits that we have in our QEG's grounds. Can you create a bug hotel for creatures that live in your back garden or your local area. You can use things you find in your back garden or local area for example, sticks, mud, and rock.

DT – Make a diorama

Use a shoebox or similar sized box and create an extreme weather diorama.

Maths

Log into your TTRS and practise learning your 2-, 5- and 10-times tables.

Year 2 Homework Lent 1

In Lent 1 we will be studying 'Extreme Weather' We will be looking in detail at different weather around the world. We will also be focusing on looking at Habitats in our science lessons.

Please complete as many of these activities as you can throughout Lent term.

RE- Special places

In RE we will be looking at places that are special to us.

Can you draw a place that is special to you and write three sentences about why it is special. Your special place might be a place of worship, a relative's house or even a holiday destination.

Geography – extreme weather

Select a country in a continent other than Europe and find out what kind of weather they have there.

Create a fact file about what you have found.
