

Maths

In Maths we will be looking at a variety of topics. What we would like you to do is to complete the weekly arithmetic sheets that are sent home.

As a challenge, can you get faster at completing the sheet each time you practise?

Reading

As we get closer to the end of Year 2, we are going to be working on our comprehension skills. Can you work hard and practise the 60 second reads that are sent home?

Bring them in to show your teacher and earn a class chart point.

English

In English we will be looking at non-fiction texts. One example of a non-fiction text is a fact file. As we are learning about The Rainforest in Humanities, can you research a rainforest animal and create a fact file.

Year 2 Homework Trinity 1

In Trinity 1 we will be focusing on the non-fiction text, Aladdin.

Within Science we are learning about plants.

In Humanities, we are learning all about The Rainforest.

Please remember to read every night, keep logging onto Reading eggs and TTRS.

PSHEE

This term we will be discussing healthy bodies and healthy minds. Can you create a leaflet all about the importance of Keeping healthy.

Science

Can you create an animal or plant habitat.

A habitat is the environment in which a plant or animal lives and grows. In a habitat, animals need five things: food, water, shelter, oxygen (yes, even under the water!), and space. Let's build an animal its very own habitat that meets all its needs!
