

# Extreme Earth

## Maths - Place Value

Create a place value fact file for each person in your family! Using their age, height (cm) and date of birth - can you list the information in as many different ways as possible?

## English - Writing

Write a letter to a child in another country. Explain what school is like in our country at the moment and how school has changed since we have returned in September.

## Year 5 Homework Michaelmas 2

*In Michaelmas 2 we will be studying 'Extreme Earth.' We will be looking at the biomes of the Earth and it's wildlife.*

Please complete as many of these activities as you can throughout Michaelmas 2 term.

## Art - stained glass windows

Create a detailed observational drawing of your biome.

Can you use another medium other than pencil crayon to colour it?

This can be a 3D model if you wish.

## Geography - Biomes

Research a biome of the Earth. Create a factfile of your biome to explain the biome to members of your family.

## Maths - Factors of a number

Create a quiz to test a friends knowledge about factors of a number.

This can be; defining a factor, identifying prime numbers or listing factor pairs.
